

GAME GUIDE AND INSTRUCTIONS

JETPACK HEROES

Welcome to JetPack Heroes!

The Energy Buddies have been captured by the villain Gooracha and need your help! Use your mathematics skills to rescue them and bring life and light back to the planet.

Getting Started: The DIDJ™ handheld includes a game that can be downloaded at no cost from the LEAPFROG® Connect Application. Follow the instructions in the application to download the game onto the handheld.

Starting Your Game:

1. Use the D-pad to highlight the My Games icon on the DIDJ menu wheel. Then, press the A button to select.
2. Use the D-pad to choose the JetPack Heroes icon.
3. Press the A button to start the game.

How to Play

Deep beneath the surface of the happy planet, Energy Buddies create a network that provides the world with light and life. But now the evil Gooracha and his henchman have kidnapped the Energy Buddies!

Take to the skies with your JetPack and fight your way through 15 action-packed levels. Collect power-ups for strength and collect gems and defeat enemies to earn points. Only your mathematics skills can stop Gooracha and his goons!

Use the LEAPFROG® Connect Application to customize a *Didji* character and download it to play in JetPack Heroes, or use the standard *Didji* that comes on the handheld.

Customize Your Play

As you play, you can earn *Badges* for achievements such as finishing a level or correctly answering 10 questions in a row. You can see the *Badges* that are available by going to the achievement screen. Each *Badge* is worth a particular number of *Bitz*, or points, which can be traded to customize your game. Just connect your handheld to the computer to update the number of *Bitz* you have earned and, through the LEAPFROG® Connect Application, trade your *Bitz* for *Micromods*, such as keys for secret rooms, new backgrounds and new music. Simply connect the DIDJ™ handheld to the computer and access the LEAPFROG Connect Application included with your DIDJ handheld.

NOTE: It's important to connect and upload your *Bitz* periodically on the DIDJ handheld so that you don't run out of storage space.

Customize Your Learning

Jet Pack Heroes teaches and reinforces mathematics curriculum for students in 1st through 4th grades (ages 6-10). It focuses on core mathematics concepts such as one- and two-digit addition and subtraction, multiplication (0-12) and division (0-12). As a player proceeds, the game dynamically advances the learning level, adjusting the curriculum to the player's skill level so it's not too easy and not too hard.

Parents can customize the math curriculum presented in the game by connecting the DIDJ™ handheld to the computer, opening the LEAPFROG® Connect Application and selecting specific curriculum. For example, they can choose a specific concept such as addition, or they can focus on specific number sets within a mathematics concept. Once a concept is learned, players are automatically directed back to the appropriate age/grade level.

Parents can see and celebrate the learning by going online to leapfrog.com/learningpath or going to the LEAPFROG® Learning Path page of the LEAPFROG Connect Application.

WARNING: It is rare but possible for seizures to be triggered by light flashes or patterns such as those on computer or TV screens. To reduce exposure to this potential hazard, play/watch the toy in a well-lit room and take 10- to 15-minute breaks every hour.

Parent Note: The Photosensitive Seizure notice on the screen will last up to 8 seconds to allow for reading. After first use, you may touch the screen or press the A, B or D-pad buttons and the notice will disappear within 3 seconds.

AVERTISSEMENT : Il peut arriver que certaines personnes soient sujettes à une attaque sous l'effet d'une lumière vive ou d'un jeu de lumières provenant de l'écran d'un téléviseur ou d'un ordinateur. Pour réduire ce risque, utilisez le jouet dans une pièce suffisamment éclairée et faites une pause toutes les heures, pendant 10 à 15 minutes.

Remarque à l'intention des parents : L'avertissement concernant l'épilepsie photosensible s'affichera sur l'écran pendant 8 secondes afin d'en permettre la lecture. Après la première utilisation, vous pouvez appuyer sur les boutons A, B ou le pavé directionnel et cette mise en garde disparaîtra au bout de 3 seconds.
